

## Want to see how our schools are performing?

| Data Source  | Description   |
|--|---|
| <a href="#">TDOE Report Card</a>                   | We want parents and community members to have easy-to-understand information about our schools. Schools receive a rating on various metrics ranging from students' academic performance to how often students are missing school, which helps families have some context on how their school is doing. The Report Card also shows additional details about how all students and specific student groups are performing. |
| <a href="#">School Digger Ranking</a>              | SchoolDigger.com was founded to empower parents to make informed choices about choosing a school for their child. Their database contains detailed profiles for over 136,000 schools in every state in the US, including 20 years of enrollment data, several years of test scores, crime data, real estate data; all useful in helping you make informed school choices.   |
| <a href="#">District and School Accountability</a> | Based on the Accountability Model Calculation, review TDOE's designations for districts and schools, including which earned Exemplary and Reward Status.  |
